

Trophy Measuring Event at Cabela's March 16th & 17th. By Michael Price

In “trying” weather conditions, meaning it was trying to be cold & nasty and succeeding; we measured a total of 36 trophies including a potential top 10 deer; signed up 22 new members; put the Safari Club International NW Chapter name in front of every customer that walked in/out of Cabela's in Lacy from 8:00 to 4:30; provided a service for the hunting community; got the chance to visit with SCI members and other hunters; hopefully increased the Cabela's donation amount for our 2014 banquet fundraiser; and had “hunting weather” cold, sometimes wet, fun doing it.

Thanks to a great crew: Mike Rex and James Endress who both came with vehicles loaded and were there before Cabela's opened and worked both days, Brett Singer who helped on Saturday, Todd Freese on Sunday, and a new member, Steven Ford, who brought his young daughter, a successful hunter, and her friend to help. (but the cold outdid the clothes worn.) We will do it all again in August, and hopefully see you then.

Smiles, Mike
